

Teachers' Program

Teachers would have opportunities to join in and observe most of the activities of students in Day 1, 2, and 4 as shown in the daily schedule. Teachers are encouraged to actively give comments and feedback at student poster and oral presentations.

The program specific for teachers is on Day 3, Saturday, 18th January 2020, as shown in the table below. Past experiences showed that participating teachers, including principals, benefited a great deal by attending the 'Teachers Show & Share' session. This TSS session will allow all participating teachers, including principals, to learn representative good practices and the background of each school attending the ISSF. The session also facilitates teachers to exchange ideas, souvenirs, and make friends to support future collaborations.
